Mrs Marshall's Messages:

Today, our assembly focused on friendships, discussing both the joys and challenges, including how broken friendships can affect everybody in their class. We talked about the importance of resolving disagreements quickly and the value of repairing friendships. These skills are vital for us so we can all be happy at school. Please consider the following at home:

1. **Encourage talking together:** Ask your child about their friendships and help them express their feelings.
2. **Model resolution:** Demonstrate how to resolve disagreements in everyday situations.
3. **Discuss empathy:** Help them understand how their actions affect others.
4. **Promote forgiveness:** Talk about the importance of moving on and giving second chances.

Thank you for your support in reinforcing these messages at home. Remember, at Chiltern we have kind hands, kind feet and kind words.

In the news this week

The Princess of Wales has recently shared pictures, drawn by herself, Prince George, Princess Charlotte, and Prince Louis, of each other. The artworks, shared on social media, are part of the Shaping Us campaign, which highlights how we develop skills to connect with others from a young age. The pictures also aim to raise awareness of an exhibition, launched by The Princess, at the National Portrait Gallery in London, encouraging children to explore their relationships and feelings.

Things to talk about at home ...

- > Share your thoughts on the drawings. Have you ever drawn a portrait of someone? Do you think this type of activity could help build connections with others?
- > Can you think of any other ways you can connect with others around you?
- > Talk to someone at home about some of the people you are connected to.
