Vol. 1 Issue 3

This weeks message-

Next week is Bike to School Week! This is all about promoting healthier lifestyles and reducing traffic congestion at our school gates. The area around the entrance can become quite busy at drop-off and pick-up times. If possible please could you park further away from the school and walk the last part of the journey. Even better, why not leave the car at home altogether and enjoy cycling or scooting to school? It's a fantastic way to get some fresh air, stay active, and contribute to a safer environment for our children.

We believe that together we can make a real difference. Let's all work together to create a healthier, safer, and more enjoyable school run for our children.

Thank you for your cooperation and support. We hope to see more bicycles and scooters on our school grounds next week!

This week's talking task:

This week's story looks at events related to ...

Let's look at this week's story

Schools in the UK will soon need to give more lessons on democracy, how voting works, and how the country is run. This is because the voting age for the general election is being lowered to 16. Many agree that young people need to be ready to make informed decisions. At first, these lessons will be for children aged 14 and over, but the plan is to begin teaching these issues from 11 years of age, so everyone has plenty of time to learn.

Why do we vote?

In the news this week

Schools in the UK will soon need to give more lessons on democracy, how voting works, and how the country is run. This is because the voting age for the general election is being lowered to 16. Things to talk about at home ...

- > Talk to someone older at home, and ask them to share their experiences of voting and their thoughts on the news that 16-year-olds will be able to vote.
- > Can you think of times when you have taken part in a vote? What was the outcome?
- > Do you believe it's important for young people to learn about voting and democracy? If so, what age do you think the lessons should start?
